### Warren Street station update

ESCALATOR improvements have finished at Warren Street so customers can now enter the station in the morning peak. Lift improvements are currently under way at Goodge Street station. Work on two lifts has already been completed. Work on the remaining two will start on Monday and is expected to last until early August.

### Event at Olympia

THIS weekend, Olympia will host an anti-ageing health and beauty show. On Saturday, London Overground and Southern services will run to and from Kensington (Olympia). There are Tube interchanges at Shepherd's Bush and West Brompton for

these services. As there is no District line service between Earl's Court and Kensington (Olympia), there will also be a replacement bus service operating every 15 minutes between Earl's Court and the event.

On Sunday, there will be no rail or Tube services to/from Kensington (Olympia) owing to Network Rail engineering work. TfL will provide a high-frequency bus service (every five minutes) between Earl's Court and the event for most of the day. This will operate from stop C on Warwick Road. Staff will be on hand to direct passengers.

There are no planned works on the Bakerloo, Central, Hammersmith & City, Jubilee, Metropolitan, Northern, Piccadilly, Victoria or Waterloo & City lines, Docklands Light Railway or London Tramlank. However, the following lines will be affected by engineering and improvement works.
