

## Happy birthday Barclays Cycle Hire

TODAY marks four years since TfL's Barclays Cycle Hire scheme was introduced to the capital's streets.

Since its launch in 2010, the iconic blue bikes have expanded to east London and more recently to the south west.

There are currently more than 10,000 hire bikes across the capital with more than 19,000 docking points available.

The scheme is the second largest cycle hire system in Europe and to date, more than 31 million hires have been made with both June and July already seeing over a million hires per month.

## Tweet the manager

TONIGHT, from 7pm to 8pm, TfL will be answering your questions on ways to pay fares on London's transport network including Oyster and Contactless payments.

Tweet your questions to @TfLWaystoPay followed by #askTfL and TfL's director of customer experience, Shashi Verma, will answer them.

This is the latest in a series of 'tweet the manager' sessions TfL is running across its Twitter feeds. Popular topics have included information about improvements and plans to increase capacity.

## New fares contract is just the ticket

TRANSPORT for London (TfL) has awarded the Electra contract to Cubic Transportation Systems Ltd. to provide the capital's ticketing and fare collection services.

The contract begins in August 2015 for a term of seven years with the option to extend to ten years and is worth around £660 million. This will result in an annual saving of £11 million a year that will be reinvested to make further improvements to London's transport for customers.

Matthew Hudson, TfL's customer experience head of business development, said: 'After a strong

competition, I am confident we have selected the right partner in Cubic who will continue to deliver the high levels of service our customers expect and innovative solutions to make their journeys better.'
