## London Overground

Part closure

**Sunday:** Trains to/from Chingford will not stop at Bethnal Green until 11.59pm, owing to Network Rail track work. Use Enfield Town or Cheshunt trains instead.

## TfL Rail

Part closure

**Saturday:** From 9pm there will be a reduced service of two trains an hour between Paddington and Heathrow. Trains will not stop at Acton Main Line station, owing to Crossrail work.

**Sunday:** Until 7am there will be no service between Paddington and Heathrow Terminals 2 & 3.

## Bank branch trains now stopping at Kennington

CUSTOMERS are advised that trains on the Bank branch of the Northern line are now stopping at Kennington Tube station.

The interchange between the Bank and Charing Cross branches has also been restored. However, there may continue to be changes to the timetable until late September.

This is owing to ongoing essential work to build new passageways for the Northern Line Extension. Once complete, the new

passageways will make it quicker and easier for customers to change between the Northern line branches at Kennington and the new Northern Line Extension from Kennington to Battersea Power Station.

Customers can also take the first train available and change at Kennington, if needed.
