

**Rolling down the river:** Enjoy the city sights with an Uber Boat by Thames Clippers

# Setting sail safely

## BLOW AWAY THE COBWEBS WITH A BREEZY TRIP ON THE RIVER WITH THAMES CLIPPERS

TAKE a trip along the Thames with Uber Boat by Thames Clippers, which is still running with a revised service and a range of measures in place to keep everyone safe during the coronavirus pandemic.

With fresh air and plenty of space, maintaining social distancing is easy, and you can enjoy the river breeze and iconic city sights while you're on board.

### PROTECTIVE MEASURES

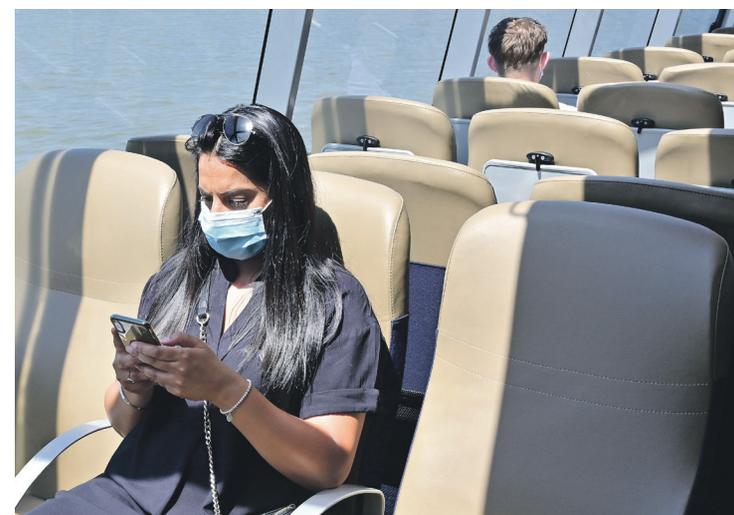

A number of protective measures have been introduced, including deep cleaning overnight and the installation of hand sanitiser points around each vessel.

There are also reduced passengers permitted on board to enable social distancing.

Take a breather out on deck, or sit comfortably inside, where staff ensure that fresh air passes through the cabin as much as possible.

There are also floor markings and signs to help everyone maintain a safe distance from each other.

Personal protective equipment is provided for all staff at the start of each shift, and touch points and services are regularly cleaned throughout the day. Customers must follow Government advice and wear a face covering while travelling, and it is also recommended that

**Take the scenic route:** Sit back and relax with a trip along the Thames

everyone registers for NHS Track and Trace once on board.

You can only make contactless payments to board, and beverages and snacks also require cashless payments, with the in-seat ordering service and the walk-up bar service still available for takeaways.

### THE NEW SERVICE

For those people who can not work from home, Uber Boat by Thames Clippers runs a 20-minute frequency

service between key London piers and are a great way to get about in the heart of the city. The revised services run between 6am and 10pm on weekdays, and between 8.30am and 10pm on weekends, depending on the direction of travel.

It is now even easier to make cycling part of your journey as well, as there is now space for up to 20 cycles on the larger vessels.

London Bridge to Canary Wharf is a 15-minute journey, Battersea Power Station to Embankment takes just 17 minutes, and you can get from North Greenwich to the heart of the city in 30 minutes.

The benefits don't stop there either as the journey itself might even cheer you up, with research by the University of Greenwich finding that people who travel to work by boat are the happiest commuters.

Services run between key London piers including Canary Wharf, Bankside, London Bridge City, Blackfriars, Embankment, Westminster and London Eye (Waterloo). There are also stops at several residential piers, including Battersea Power Station, Greenwich and North Greenwich, between Putney in the west and Woolwich (Royal Arsenal) in the east.
