## Whitechapel station prepares for Crossrail

**WHITECHAPEL station will be closed this weekend as work is carried out to prepare it for the arrival of Crossrail services.**

**A significant amount of work has already taken place to rebuild the station and create new tunnels for Crossrail, but while much of it hasn't caused disruption to the London Overground, some service suspensions are now needed to install a new concourse directly above the tracks. This will mean services on parts of the line will not run from tomorrow until Tuesday (see below).**
