late French Company said to have belonged to M. Cesare Court of Rueil, France, deceased, his brother, but which could not be found - the said letter of 19th inst., asking whether the Company will issue certificates for the 25 shares to Mr J D Court, on being indemnified against any other claimant, the Secretary stated that the French shares bearing the numbers given in the notice of 1st inst. had not been brought in for exchange - that he had sent copy of the application to Paris for consideration of the Committee there. Resolved that the consideration of the matter be deferred until the arrival of the Paris Directors in London.

4571 \*Barber's claim - Secretary to settle\*

The Secretary reported in reference to Barber's claim (Minute No. 4559 of last Meeting) that the claimant absolutely declined to accept the sum offered him, and has requested the further consideration of the matter by the Board. Read letter dated 18th inst. from Mr William King of Fulham asking pecuniary assistance for John Baker, late a Driver in the service of the Company. Read report dated 22nd inst. from Mr. Baker the District Superintendent thereon stating that John Baker was employed about 18 or 20 years on the Fulham Road, and was always a well conducted man, that he had been ill 2 or 3 years, and had been unable to leave his room for more than 6 months and would probably never again be able to drive. Resolved that a donation of two guineas be given to the applicant.

4574 \*"Malt for Cattle" Bill - [[illegible]] to use by Company\*

The Secretary placed on the table copy of the "Malt for Cattle Bill" by which it appeared that there would be no objection to Malt such as was therein described being used for the Company's horses, although the expensive arrangements necessary for its preparation would probably render it unprofitable for the Company to malt for their own use.

Mr Trulock attended and submitted list and samples of grain purchased since last Meeting including a further parcel of 520 qrs. [quarters] of French Oats of 40 lbs. weight at 18/6 per quarter.

Read letter dated 24th inst. from Mary Gill wife of the Driver committed to Prison for two months (vide Minute No. 2775 of Executive Committee on 11th inst.) asking pecuniary assistance during her husbands imprisonment. It was stated by Mr McNamara & the Secretary that they had enquired into the case and that they were clearly of opinion that the charge of drunkenness upon which Gill was convicted by Mr Yardley the Magistrate at Marylebone Police Court was entirely unfounded - that the accident arose from the breaking of a "Kidney link", in the harness, by which Gill lost control of his horses - that possibly his excitement after the accident might have been mistaken for drunkenness by the Police, but that several persons (including Mr. Baker the Road Inspector) who saw him very shortly before the accident spoke decidedly as to his sobriety, and that evidence to that effect would have been given, but for the Magistrate's hasty conviction - that an appeal had been made to the Secretary of State against the conviction, but that pending an inquiry into the case Gill of course remained in custody. Resolved that an allowance of 8/- per week be made to Mrs Gill during the time of her husband's imprisonment.

4577 \*Coach Factory - re Vinery Ground - for Mr Lulham's reconsideration\*

Mr Lulham reported that having spent a considerable time in watching the progress of the new works at Highbury Coach Factory, he had seen the expediency of obtaining the whole of the Vinery and ground belonging thereto, and extending the sheds over the whole so that the Engine and lathes might be removed there, and the whole of the works be placed within the walls of the Factory - that he had with that view conferred with Mess. E & J Wilson & arranged with them subject to the approval of the Board that the Company shall take the whole Vinery and ground inclusive of that previously taken (Minute No. 4446 of 1st January) at £ 18 per annum from Christmas last for the residue of their term, the Company to have the material on the ground, except the Copper which Mr. Wilson will keep and replace if necessary as hereinafter

stated, and the Company to agree to restore the Vinery at the expiration of their lease if the landlord require it. Read report from Mr Tosh to the effect that the cost of taking down and rebuilding the shaft would be

£45

Removing boiler and & rebuilding same 25

Removing Lathe, Shafting &c &c 20

Roof &c 35

£ 125

that if thought preferable to leave the existing Engine House undisturbed and to let it, a 10 horse power portable Engine for the Coach Factory work might be purchased for £ 120, and the other work would cost about £ 50 or say £ 205 complete instead of £ 125. Resolved that the offer of Mess. E & J Wilson be accepted, and that the works proposed be further considered and reported upon as to which of the two courses above named is most expedient and practicable.

4589 \*Toll Rebate Account - Arbitration re cost of Harrison's claim - award in favour of Co\*

Mess. McNamara and the Secretary) had agreed on the proposal of the members of the Association to refer the question at issue to the decision of Mr. J Castelow of the Richmond Conveyance Company - that the parties attended before the Arbitrator, the Company being represented by themselves - read award dated 24th inst. made by Mr Castelow entirely confirming the claim of

the Company and awarding the Camden Town Association to pay £ 63,, 16,, 9 and the Company £ 40,, 0,, 0 of the amount, or in other words requiring the Association to pay more than the Company originally asked them to pay. Resolved also that a gratuity of twenty guineas be given to Mr Moseley for his special services in rearranging the business of the Depot in question.

Mr Martelli having kindly prepared draft surrender of mortgage terms in the leaseholds mortgaged to the Bank of London for securing £ 30,000 and interest in 1859 now paid off, submitted the same, and it was ordered that it be submitted to the Solicitors of the Bank for approval and when finally settled should be endorsed on the mortgage deed and the seal of the Company affixed, and the execution by the Trustees of the Bank obtained.
